

Word Wall Words

The following words will be learned 5 per week during the first grade year. These words are the "keys" to reading and writing. By reading, using the words orally, chanting, motion-spelling, "funky spelling" and writing the Word Wall words, students will gain ownership of them. This ownership will enable the students to correctly use the words in their daily reading and writing. The words will be taught in the order they are listed. Sometimes we will repeat a week or go over the "harder" words from before due to shorter weeks. Remember, we only want to focus on the week at hand. There is no need to work ahead. Also included are the word chunks we will be working on each week. If changes need to be made, your child's teacher will be sure to let you know. There will not be any spelling tests.

August 24 - Week 1: the, of, and, in, to (-ab words)
